Wall print instructions and file sizes

Wall print material guidelines
Wall prints are printed on 5 mm foam board. Please supply print-ready material as a PDF file with 5 mm bleed. Vector image files such as .eps, .tiff and .ai are also accepted.

Colours
We print products in CMYK colours and recommend using the Coated FOGRA 39 CMYK colour profile for images.

Fonts
Fonts must be embedded in the file or converted to outlines.

Resolution
The recommended resolution for wall prints is at least 50 ppi.

Delivery deadline: 9 April 2027
jenna.tammela@paviljonki.fi
marica.borg@paviljonki.fi
